About me

Hello, I'm David and I'm the Welfare Officer for our tennis club. I try to play tennis throughout the year so you will often see me at club night or on a Sunday morning in the early spring when we warm-up for the competitive season. During the summer I play both mixed and men's doubles and have been a member of the club for many years.

In addition, I am also the Safeguarding Lead Governor at a local school and everyone's welfare is very important to me. I have recently attended a safeguarding course as part of the requirements set out and provided by the LTA and have undertaken full DBS checks in order to comply with safeguarding regulations as a tennis club volunteer.

Please do get in touch should you ever need to, I am always available and keen to ensure that tennis is fun for everyone who plays at our club. All concerns raised will be treated confidentially and discreetly, resolution will be in line with club policies and LTA guidelines.
